

MANUFACTURERS OF PROCESSED FOODS · 2026

Goyal जी

Company & Capability Brochure

A Nagpur-based manufacturer of daily-staple processed foods — 3D fryums, jeera papad, soya wadi, and makkai poha — built for repeat B2B supply across India. This brochure covers who we are, how we operate, what we make, and how to start working with us.

01

40+ years of trade

Heritage under JP Industries — from chilli trading to manufacturing.

02

4 daily-staple SKUs

Papad, fryums, poha, soya wadi — items that move every week.

03

Pan-India dispatch

Manufacturer-direct supply from our Nagpur facility.

1 The Heritage

Goyal Ji is the manufacturing arm of **JP Industries**, an enterprise rooted in four decades of India's food trade. The journey moved from **red chilli trading**, to **cold storage & warehousing**, to **spice processing**, and finally into **processed food manufacturing** — each step adding infrastructure, process discipline, and category knowledge. We don't make food because it's a new market for us; we make it because we've spent a generation inside the supply chain that surrounds it.

2 What We Stand For

Standardised quality. Dependable supply, every batch. The same product, the same way, every single time — that's the trade we're in.

THE GOYAL JI MANUFACTURING STANDARD

3 What We Solve

Wholesale and distribution buyers don't want surprises. They want batch-to-batch consistency, packs that match their channel, predictable lead times, and a manufacturer who picks up the phone. Goyal Ji is built around those four things — not flashy launches or seasonal categories.

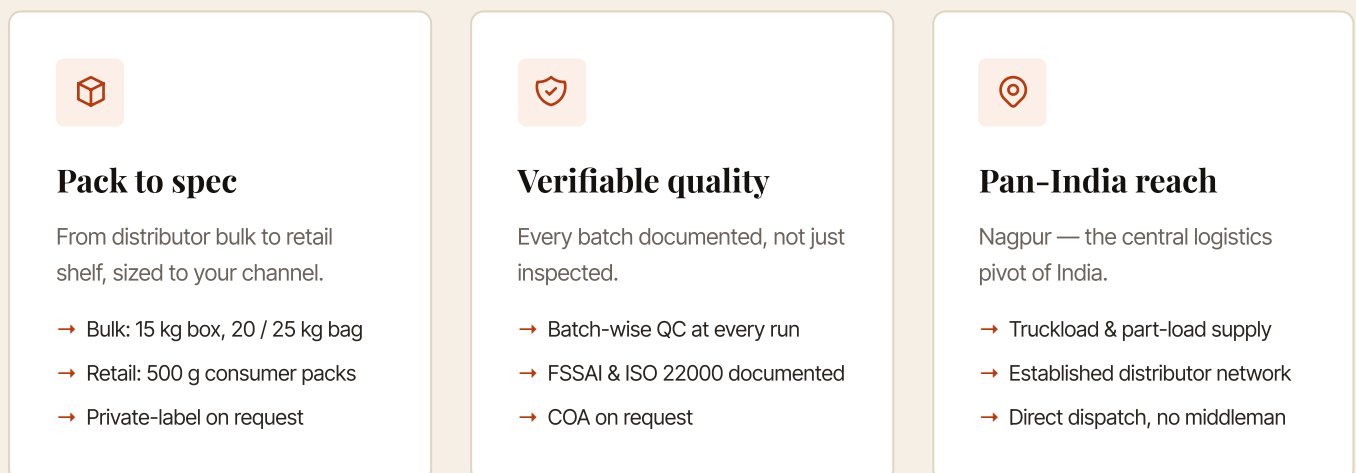

4 Production Flow

From raw input to dispatched truck — every batch follows the same documented sequence. Nothing leaves the facility without traceability.

5 Our *Capabilities*

The three things buyers ask about — and what we offer on each.

6

The Current *Range*

Four SKUs across two categories — papad/snacks and breakfast/cooking essentials. All in continuous production.
Quote on request.

SNACKS / PAPAD

3D Fryums

Ready-to-fry three-dimensional fryums for consistent texture and extended shelf life.

Packs: 15 kg box · 20 kg bag · 25 kg bag

Shelf: 6 months · cool, dry storage

BREAKFAST / COOKING

Makkai Poha

Flattened corn flakes for everyday breakfast. Retail packs or bulk.

Packs: 500 g × 15 kg box · 500 g × 15 kg bag · Loose 15 kg / 25 kg

Shelf: 6 months · cool, dry storage

PAPAD

Jeera Papad

Traditional cumin-flavoured papad, controlled-process produced for uniform quality.

Packs: Bulk — on request

Shelf: 6 months · cool, dry storage

Image
on request

PROTEIN / COOKING

Soya Wadi

High-protein soya chunks, consistent size and texture across production runs.

Packs: Bulk — on request

Shelf: 6 months · cool, dry storage

All packs and shelf-life figures are general specifications. Final commitments are confirmed in the written quotation.

7 Quality & Compliance

CERTIFICATIONS · IN GOOD STANDING

AUDIT-READY
DOCUMENTATION

FSSAI · ISO 22000 · MSME · GST

Every batch is traceable. Every commitment is audit-ready. Documentation provided on request so your channel partners — buyers, regulators, large institutional accounts — can verify what they need to verify.
